

KORALP® K-STOKDRY A04 & A06 USER GUIDE

UNIT OVERVIEW

Green Button (Left):
Power & Ventilation Control

Red Button (Right):
Heater Control

DEFAULT SETTINGS

Ventilation Time: 2 hours

Heating: ON by default

HOW TO USE

To Turn Unit ON

Briefly press the Green Button (<1 sec). Starts ventilation and heating.

To Toggle Heater

Briefly press the Red Button to turn heating OFF or ON.

To Turn Unit OFF

Press the Green Button again. Fan will run for 10 seconds before shutting down.

USER TIP

The dryer head features a weight-activated valve to direct airflow only to tubes holding boots – maximizing efficiency.

When drying light footwear (e.g., sneakers, walking shoes), make sure the valve is engaged to ensure airflow.
